The Problem

The Solution: Snoty.Me

If you want to...

- get notifications for assignments
  (e.g. Moodle -> Discord, ...)

- add exams to your calendar (e.g. Office365)

- search for a new car 👀 (e.g. willhaben.at)

... Snoty can help to solve your problems!

Using Snoty

- Node based
  - 1 Node = 1 Action
  - Flow contains Nodes
- fetch from everything, send to everything!
- extend Snoty!
  - Pull Request
  - Extension
